We Don't Do It Alone

Supporting our community takes a community.

InTown works alongside:

-  local community and homelessness services;
-  government agencies;
-  community organisations;
-  food and emergency relief providers;
-  local businesses;
-  schools and education providers;
-  volunteers; and
-  supporters throughout the Greater Bunbury community.

The Heart of InTown

Our volunteers make an enormous contribution to the Centre.

They help us:

prepare and serve meals;

support day-to-day Centre activities;

provide a welcoming environment; and

keep our services operating for the community.

Their contribution is essential to what we do.

Responding to Today. Planning for Tomorrow.

InTown is currently:

listening to clients, community and stakeholders;

undertaking broader community consultation;

strengthening partnerships;

undertaking strategic planning;

strengthening our organisational systems and governance; and

considering how we can best respond to the changing needs of our community.

**Our future direction should be shaped
by the community we serve.**
